### FEATURES

- **Frame** painted with non-toxic epoxy powders. Compact and adjustable in height - to allow access to different table tops and work surfaces - thanks to the gas spring for the adjustment with the child seated. The **international height adjustment patented system**, typical of the "GRILLO product family", allows for a compact, space-saving base while offering a wide range of height adjustments.
- Grillo Adaptive Seating has a very **breathable, comfortable, durable, easy to wash** and **quick to dry** fabric, composed by:
  - » Load-bearing upholstery, not removable: the essential design texture allows excellent breathability that **reduces sweating and bacteria formation**. The composition of the fabric allows easy sanitation and washing with quick drying times. The texture maintains the performance even at high loads and it has **self-supporting effect**. It is **fire retardant** according to reaction to fire Class 1 (non-flammable combustible materials) according to the MD of 26th June 1984 and subsequent amendments and additions.
  - » Removable cover is made by very breathable and high quality material both internally and externally. The inner padding has a **highly innovative leading edge structure**, that is three-dimensional, **lightweight**, providing extremely high air circulation, **optimal weight distribution** and excellent comfort. The external fabric is **highly resistant to abrasion** too. **Fire retardant** according to EN 1021-1:2014 and EN 1021-2:2014 standards.
- **Backrest** adjustable in height and tilt thanks to gas spring. Foldable for transport.
- Soft **armrests**, adjustable in height, tilt, width and rotation.
- **Multadjustable padded pelvic side supports** for greater containment. Adjustable in width, rotation and depth.
- **Safe adjustments without any risk of losing the screw.**
- **Seat** tilted by gas spring; adjustable in depth and width thanks to padded pelvic side supports.
- **Pelvic belt 947** provided as standard.
- **Legrest** adjustable in height and tilt with physiological fulcrum, such as to make the adjustment comfortable. Adjustable in depth with the seat.
- **Calf rests** adjustable in height and depth.
- **Footrests** tilting and adjustable in flexion-extension.
- **4 SWIVELLING WHEELS**, with the **NEW rubber coating** designed to prevent dirt from getting trapped in them and all equipped with parking brake. They allow you to move the Grillo Adaptive Seating effortlessly while the child is sitting.
