FEATURES

- **Aluminum lightweight frame and fork.**
- **Adjustable handlebar** in height, backward-forward and reversible.
- **Ergonomic handles**, to grant grip and comfort.
- **Steering limiters with springs**, that allow the handlebar to return to the central position. It can be disengaged to allow more steering. It's possible to choose between two different elastic strengths.
- **Memory foam padded trunk support**, adjustable in height, backward-forward and free-angle tilt, with breathable padded upholstery, easily removable for washing.
- **Front disc brake with locking device** for ascent and descent, that can be operated by the lever either on the right or on the left side of the handlebar. The distance between the brake lever and the handlebar is adjustable by screw.
- **Sports saddle** adjustable in height, tilt and anterior-posterior direction.
- **Pneumatic road-type wheelset** with reflector stripes, easily removable with key.
